Bringing you the latest access control systems to secure your home.

We are one of the largest manufacturers of **Cellular, IP, audio** and **Video telephone entry systems**. Many of our access control products are available for purchase through dealers and sales outlets in over 40 countries worldwide. Every product comes with at least a **2-year warranty** – and the **Multi-Opyn only** is backed by an **impressive 5-year warranty**, and all products come with free technical help and support.

Our intercoms are made from the highest quality materials and are available in a range of different technologies to provide a solution to all types of entrances.

We use brushed BS316 marine grade stainless steel for corrosion resistance. Some units have black powder coated steel (other colours are available for bespoke units, ask your sales rep for more information). Tough gloss acrylic faceplates give the units a modern look, perfect for any entrance.

Opyn-multi 2026
